

TRI NATURE

Sphagnum Moss Disinfectant is a gentle yet powerful naturally derived disinfectant and hard surface cleaner boosted with a synergistic blend of antimicrobial plant extracts. This eco friendly product will quickly and completely disinfect hard and soft surfaces, deodorises air and eliminate odours.

Supre Multi-Purpose Cleaner is a gentle, yet powerful naturally derived cleaning solution for wiping away greasy contaminations quickly and easily. This all-purpose cleaning spray offers superior cleaning performance without the harsh odours or toxic residues of ordinary household cleaners.

An excellent, naturally derived maintenance product for your dishwashing and laundry machine, kettle, and coffee machine. A versatile powerhouse with sugar derived acids that remove water scale and prevent build up and clogging from hard water salts.

Our extremely gentle, naturally derived dishwashing liquid cuts through tough grease and heavily baked on soils leaving your dishes gleaming bright and your glassware sparkling clean and streak free. Due to its mildness, low toxicity and good solubilising power this product can be used as a fruit and vegetable wash at a ratio of a small amount to one sink of water. Leaves no aftertaste.
